Bonus/Account Information: Offers are not available on account conversions or in combination with any other offer. Bonuses are not considered part of the minimum opening deposits. Qualifying deposits must be new money (money not currently held by Chase or its affiliates). Accounts must remain open for a minimum of six months or the bonuses will be debited from the accounts at closing. Accounts are subject to approval. Bonuses are considered interest reportable on IRS Form 1099-INT. Limit one checking account-related bonus and one savings account-related bonus per customer, per calendar year.

Checking Account: To qualify for the checking bonus, you must open a new qualifying Chase checking account with a \$100 minimum deposit of new money. Also, within 60 calendar days of account opening, we must receive from your employer or the government a monthly electronic direct deposit of your payroll, pension or government benefits, such as Social Security. The bonus will be deposited into your new account within 10 business days after your initial direct deposit is posted to your account. For new interest-bearing checking accounts, the Annual Percentage Yield (APY) is effective as of 2/11/11. The APY is 0.01% for all balances in all states. Interest rates are variable and subject to change. Fees may reduce earnings on the account.

Savings Account: To qualify for the savings bonus you must open a new Chase SavingsSM account and deposit \$5,000 of new money within 60 calendar days of account opening. Bonus will be automatically deposited into your new savings account within 10 business days of the \$5,000 deposit being made.
